

**Title: Template for abstracts to be submitted to NOEKS 2018**

Presenting Author A<sup>1\*</sup>, Author B Name<sup>2</sup>, Author C Name<sup>3</sup>, and Author D Name<sup>1</sup>

<sup>1</sup> A Group, Department, University, Address, Country

<sup>2</sup> B Group, Department, University, Address, Country

<sup>3</sup> C Group, Department, University, Address, Country

\* Electronic Address: author@xx.yyy.zzz

Preparation: Please prepare a one-page abstract. Choose as “type” (Invited/Contributed talk, or Poster).

You can use references [1]. References should be numbered in order of appearance, e.g. [1, 2].

Equations should be placed on separate lines and numbered. Examples of equation are given below. The Hamiltonian of two-coupled cavity modes reads:

$$H = \hbar\omega_a a^\dagger a + \hbar\omega_b b^\dagger b + g_{ab} (a^\dagger b + b^\dagger a) \quad (1)$$

where  $g_{ab}$  is the coupling between modes  $a$  and  $b$ .

You can include figures. Figure captions should follow each figure and have the format given in Fig. 1.

Figure 1: This is the logo of the NOEKS 14.
